Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Child at Street 11 Ltd.** (the “Company”), which comprise the statement of financial position as at 31 December 2024, and the statement of financial activities, statement of changes in funds and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the “Companies Act”), the Charities Act 1994 and other relevant regulations (the “Charities Act and Regulations”) and Financial Reporting Standards in Singapore (“FRSs”) so as to give a true and fair view of the financial position of the Company as at 31 December 2024 and of the financial performance, changes in funds and cash flows of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority (“ACRA”) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (“ACRA Code”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the Directors’ Statement (set out on page 2), but does not include the financial statements and our auditor’s report thereon which we obtained prior to the date of this auditor’s report, and the annual report, which we expected to be made available to us after the date of this audit report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Companies Act, the Charities Act and Regulations and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance comprises the directors. Their responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

[UEN. 199501798C]

[A company limited by guarantee and not having
a share capital]**Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)**

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required to be kept by the Company have been properly kept in accordance with the provisions of the Companies Act, and the Charities Act and Regulations.

During the course of our audit, nothing has come to our attention that causes us to believe that during the financial year:

- (a) the Company has not used the donation moneys in accordance with its objectives as required under Regulation 11 of the Charities (Institutions of a Public Character) Regulations; and
- (b) the Company has not complied with the requirements of Regulation 15 of the Charities (Institutions of a Public Character) Regulations.

2. Material accounting policy information**2.1 Basis of preparation**

The financial statements have been prepared in accordance with Financial Reporting Standards in Singapore ("FRSs") and the disclosure requirements of the Charities Act and Regulations. The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollar ("S\$"), which is the Company's functional currency. Functional currency is the currency of the primary economic environment which the Company operates. All financial information presented are denominated in S\$ unless otherwise stated.

The preparation of the financial statements in conformity with FRSs requires management to exercise its judgement in the process of applying the Company's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

The management has assessed that the going concern basis of preparation for this set of financial statements remains appropriate.

2. Material accounting policy information (Cont'd)

2.1 Basis of preparation (Cont'd)

2.1.1 Interpretations and amendments to published standards effective in 2024

In the current financial year, the Company has adopted all the new or amended FRSs and Interpretations of FRSs ("INT FRSs") that are mandatory for application for the financial year. Changes to the Company's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRSs and INT FRSs.

The adoption of the new and amended FRSs and INT FRSs did not result in substantial changes to the Company's accounting policies and had no material effect on the amounts reported for the current or prior financial years.

2.1.2 Standards issued but not yet effective

The Company has not adopted the following relevant new/amended FRSs, INT FRSs and amendments to FRSs that were issued but are not yet effective.

Description	Effective for annual periods beginning on or after
Amendments to:	
- FRS 21: Lack of Exchangeability	1 January 2025
- FRS 109 and FRS 107: Classification and Measurement of Financial Instruments	1 January 2026
- FRS 109 and FRS 107: Contracts Referencing Nature -dependent Electricity	1 January 2026
Annual Improvements to FRSs - Volume 11	1 January 2026
FRS 118: Presentation and Disclosure in Financial Statements	1 January 2027
Illustrative Examples	
FRS 119: Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to FRS 110 and FRS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Date to be determined

Management believes that the adoption of the revised standards will have no material impact on the financial statements in the period of initial application.

2.2 Income recognition

Income is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Income is recognised when the Company satisfies a performance obligation by transferring a promised good and service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of income recognised is the amount allocated to the satisfied performance obligation.

2. Material accounting policy information (Cont'd)**2.2 Income recognition (Cont'd)**

Income is recognised as follows: (Cont'd)

2.2.1 Donations

Donations are recognised in the statement of financial activities upon receipt. Donations-in-kind are recognised when the fair value of the assets received can be reasonably ascertained.

2.2.2 Interest income

Interest income on bank current accounts and fixed deposits placed with banks are recognised on a time-proportion basis using the effective interest method.

2.2.3 School fees

Revenue received from school fees are recognised on accrual basis.

2.2.4 Registration fees

Registration fees are recognised when students are registered.

2.2.5 Sale of school uniform

Income from the sale of school uniform are recognised at a point in time when the performance obligation is satisfied by transferring of promised goods to the customer. Control of the goods is transferred to customer, generally upon the delivery of the goods.

2.2.6 Field trip/excursion

Income from field trip/excursion is recognised on accrual basis.

2.2.7 Other income

Other income is recognised when received.

2.3 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the statement of financial position and is amortised to the statement of financial activities over the expected useful life of the relevant asset by equal annual instalments.

Where loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as additional government grant.

2. Material accounting policy information (Cont'd)

2.4 Expenditure recognition

All expenditure are accounted for on accrual basis, aggregated under the respective areas. Direct costs are attributed to the activity where possible. Where costs are not wholly attributable to an activity, they are apportioned on a basis consistent with the use of resources.

2.4.1 Cost of charitable activities

Cost of charitable activities comprises all costs incurred in the pursuit of the charitable objects of the Company and an apportionment of overhead and shared costs.

2.4.2 Cost of generating funds

Cost of generating funds consists of costs that are directly attributable to the fund-raising activities and are separated from those costs incurred in undertaking charitable activities.

2.4.3 Governance and administrative costs

Governance and administrative costs include the costs of governance arrangement, which relate to the general running of the Company, providing governance infrastructure and ensuring public accountability. These costs include costs related to constitutional and statutory requirements and an apportionment of overhead and shared costs.

2.5 Property, plant and equipment

2.5.1 Measurement

All items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal and restoration is included as a consequence of acquiring or using the property, plant and equipment.

2.5.2 Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives are as follows:

	Useful lives
Air conditioner	3 years
Furniture and fittings	3 years
Kitchen equipment	3 years
Office equipment	3 years
Renovation	5 years
Right-of-use assets	Over the remaining lease term

2. Material accounting policy information (Cont'd)**2.5 Property, plant and equipment (Cont'd)****2.5.2 Depreciation (Cont'd)**

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each reporting date. The effects of any revision are recognised in the statement of financial activities when changes arise.

Fully depreciated assets are retained in the financial statements until they are no longer in use.

2.5.3 Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are recognised in the statement of financial activities when incurred.

2.5.4 Disposal

On disposal of an item of property, plant and equipment, the difference between the disposals proceeds and its carrying amount is recognised in the statement of financial activities.

2.6 Intangible assets

Intangible assets acquired separately are measured initially at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial acquisition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding development costs, are not capitalised expenditure is reflected in statement of financial activities in the year in which the expenditure is incurred.

The Company do not have other intangible asset with indefinite useful life.

Intangible assets with finite useful life are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefit embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Gain or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and recognised in the statement of financial activities when the asset is de-recognised.

Computer software

Computer software comprised donation management system, is stated at cost less accumulated amortisation and impairment losses, if any. The costs are amortised using the straight-line method over its estimated useful life of 5 years.

2. Material accounting policy information (Cont'd)**2.7 Impairment of non-financial assets**

Non-financial assets are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash-generating units ("CGU") to which the asset belongs.

If the recoverable amount of the asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in the statement of financial activities, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease.

Management assesses at the end of the reporting period whether there is any indication that an impairment recognised in prior periods may no longer exist or may have decreased. If any such indication exists, the recoverable amount of that asset is estimated and may result in a reversal of impairment loss. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset is recognised in the statement of financial activities, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense, a reversal of that impairment is also recognised in the statement of financial activities.

2.8 Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits with financial institutions that are subject to an insignificant risk of change in value.

2.9 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using the first-in, first-out basis. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

When necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

2.10 Financial assets**2.10.1 Classification and measurement**

The Company classified its financial assets as at amortised cost.

The classification of debt instruments depends on the Company's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial assets.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Company reclassifies debt instruments when and only when its business model for managing those assets changes.

2. Material accounting policy information (Cont'd)**2.10 Financial assets (Cont'd)****2.10.1 Classification and measurement (Cont'd)**At initial recognition

At initial recognition, the Company measures a financial asset at its fair values plus, in the case of a financial assets not at fair value through profit or loss, transactions costs that are directly attributable to the acquisition of the financial asset.

At subsequent measurementDebt instruments

Debt instruments of the Company mainly comprise of cash and cash equivalents and trade and other receivables.

Debt instrument that are held for collection of contractual cash flows where the cash flow represent solely payments of principal and interest are measured at amortised cost.

A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of financial activities when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

2.10.2 Impairment

The Company assesses on forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company applied the simplified approach permitted by FRS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For cash and cash equivalents and other receivables, the general 3 stage approach is applied. Credit loss allowance is based on 12-month expected credit loss if there is no significant increase in credit risk since initial recognition of the assets. If there is a significant increase in credit risk since initial recognition, lifetime expected credit loss will be calculated and recognised.

2.10.3 Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Company commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in the statement of financial activities.

2. Material accounting policy information (Cont'd)**2.11 Financial liabilities**

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument and are classified according to the substance of the contractual arrangements entered into. All interest related charges are recognised in the statement of financial activities. Financial liabilities include "Trade and other payables" and "Borrowings" on the statement of financial position.

Financial liabilities are derecognised when the obligations under the liability are discharged, cancelled or expire. When existing financial liabilities are replaced by another from the same lender on substantially different terms of an existing liability or are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the statement of financial activities.

2.12 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

Other payables excluding accruals, are recognised at their transaction price, excluding transaction cost, if any, both at initial recognition and at subsequent measurement. Transaction costs are recognised as expenditure in the statement of financial activities when incurred. Accruals are recognised at the best estimate of the amount payable.

2.13 Provisions for other liabilities and charges

Provisions for other liabilities and charges are recognised when the Company has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

2.14 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a) When the Company is the lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

- Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

2. Material accounting policy information (Cont'd)**2.14 Leases (Cont'd)**

a) When the Company is the lessee (Cont'd)

- Right-of-use assets

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2.6. The Company's right-of-use assets are presented within property, plant and equipment as disclosed in Note 11.

- Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

- Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are expensed to the statement of financial activities on a straight-line basis over the lease term.

- Variable lease payments

Variable lease payments that are not based on an index or a rate are not included as part of the measurement and initial recognition of the lease liability. The Company shall recognise those lease payments in the statement of financial activities in the periods that triggered those lease payments.

2. Material accounting policy information (Cont'd)**2.15 Employee compensation****2.15.1 Defined contribution plans**

Defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities such as the Central Provident Fund ("CPF"), on a mandatory, contractual or voluntary basis. The Company has no further payment obligation once the contributions have been paid. The Company's contribution to defined contribution plans are recognised as employee compensation expense when they are due.

2.15.2 Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

2.16 Funds

Restricted funds balance are restricted by outside sources and may only be utilised in accordance with the purposes for which they are established. Designated funds are earmarked for specific purposes and are largely made up of funds allocated at the discretion of the Board of Directors. These designated funds are treated as restricted funds as they contain funds restricted by outside sources.

The Board of Directors retains full control over the use of unrestricted funds for any of the Company's purposes.

2.17 Contingencies

Contingent liabilities are not recognised in the financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. A contingent asset is not recognised in the financial statements but disclosed when an inflow of economic benefit is probable.

2.18 Events after the reporting date

Events after the reporting date that provide additional information about the Company's position at the reporting date (adjusting events) are reflected in the financial statements. Events after the reporting date that are not adjusting events are disclosed in the notes to the financial statements when material.

3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical judgements in applying the entity's accounting policies

In the process of applying the Company's accounting policies, the management has made certain judgements, apart from those including estimations which have significant effect on the amounts recognised in the financial statements.

Government grants

Government grants to meet operating expenses are recognised as income in the statement of financial activities on the accrual basis in the year these operating expenses were incurred and there is reasonable assurance that the Company will comply with the conditions attached to it. For certain grants, the government agencies reserve the right to withdraw, withhold or reduce the amount of any funds approved but not yet disbursed or to call for the refund of all funds which have been disbursed to the Company if the conditions are not met.

3.2 Critical accounting estimates and assumptions

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

3.2.1 Expected credit losses (ECL) on fees receivables

ECLs are unbiased probability-weighted estimates of credit losses which are determined by evaluating a range of possible outcomes and taking into account past events, current conditions and assessment of future economic conditions.

The Company has used relevant historical information and loss experience to determine the probability of default of the instruments and incorporated forward looking information, including significant changes in external market indicators which involved significant estimates and judgements.

In determining the ECL of fees receivables, the Company has used one year of historical losses data to determine the loss rate and applied an adjustment against the historical loss rate based on the change in Gross Domestic Product (GDP) and unemployment rate to reflect the current and forward looking information. As at the reporting date, the ECLs for fees receivables are S\$75,334 (2023: S\$46,525) as disclosed in Note 9 to the financial statements.

3.2.2 Estimated useful lives of property, plant and equipment and intangible assets

The useful life of an item of property, plant and equipment and intangible assets is estimated at the time the asset is acquired and is based on historical experience with similar assets and takes into account anticipated technological or other changes. If changes occur more rapidly than anticipated or the asset experiences unexpected level of wear and tear, the useful life will be adjusted accordingly. The carrying amounts of the Company's property, plant and equipment and intangible assets are disclosed in Note 11 and Note 12 respectively.

4. Income tax

The Company is registered as a charity organisation under Charities Act 1994 since 30 April 1999. Consequently, the income of the Company is exempted from tax under the provisions of Section 13 (1) (zm) of the Income Tax Act 1947.

15. Funds

Funds comprise of unrestricted and restricted funds.

a) Unrestricted fund

General Fund

This fund represents accumulated surplus and is for the purpose of meeting operating expenses incurred by the Company. In accordance with Section 4 of the Memorandum and Articles of Association of the Company, no portion of its income and property shall be paid or transferred, directly or indirectly by way of dividend, bonus or otherwise by way of profit to the members of the Company.

b) Restricted funds

Fund balances restricted by outside sources are indicated and are distinguished from unrestricted funds allocated to specific purposes, if any, by action of the management. Externally restricted funds may only be utilised in accordance with the purpose established by the source of such funds or through the terms of an appeal and are in contrast with unrestricted funds over which management retains full control to use in achieving any of its company purposes.

Restricted funds comprise:

(i) Care and Share Matching Grant

Care and Share Matching Grant is a grant from Ministry of Social and Family Development ("MSF"), based on qualifying donations, to develop the charitable agency's capabilities and capacity in the provision of social services and programmes for its beneficiaries. The unused funds for projects that are withdrawn or terminated prematurely may be clawed back if the new proposed projects were not being approved by MSF.

19. Financial risk management

The Company is mainly exposed to credit risk, liquidity risk and interest rate risk.

Risk management is carried out under policies approved by the Company's management. The Board reviews and agrees on policies and procedures for management of these risks.

19.1 Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Company.

i) Risk management

The Company has adopted the following policy to mitigate the credit risk.

For banks and financial institutions, the Company mitigates its credit risks by transacting only with counterparties who are rated "A" and above independent rating agencies.

The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

The maximum exposure to credit risk in the event that the counterparties fail to perform their obligation as at the end of the financial year in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the statement of financial position.

ii) Impairment of financial assets

As at the reporting date, there are no amounts arising from expected credit losses for each class of financial assets, except for fee receivables.

The Company had applied the simplified approach by using the provision matrix to measure the lifetime expected credit losses for fee receivables.

19. Financial risk management (Cont'd)**19.1 Credit risk (Cont'd)**

ii) Impairment of financial assets (Cont'd)

To measure the expected credit losses, these receivables have been grouped based on shared credit risk characteristic and days past due. In calculating the expected credit loss rates, the Company considers historical loss rates for each category of customers, and adjust for forward-looking macroeconomic data.

Receivables are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in a repayment plan with the Company. The Company categories a receivable for write off when a debtor fails to make contractual payment greater than 3 years past due based on historical collection trend. Where receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in the statement of financial activities.

The Company has no significant concentration of credit risk. The Company has credit policies and procedures in place to minimise and mitigate its credit risk exposure.

As at 31 December 2024 and 2023, the carrying amount of the Company's trade and other receivables were disclosed in Note 9.

The Company considered that there was evidence if any of the following indicators were present:

- There is significant difficulty of the debtor; or
- Breach of contract, such as default or past due event; or
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

Financial assets that are neither past due nor impaired

Other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record with the Company. Cash and cash equivalents are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

Other than those disclosed above, there are no credit loss allowance for other financial assets at amortised cost as at 31 December 2024 and 31 December 2023.

Information regarding financial assets that are either past due or impaired are disclosed in Note 9.

19. Financial risk management (Cont'd)**19.2 Liquidity risk (Cont'd)**

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations due to shortage of funds. The Company exposure to liquidity risk arises primarily from mis-matches of the maturities of financial assets or liabilities.

The Board monitors and ensures that the Company maintains a level of cash and cash equivalents deemed adequate to finance the Company's operations.

The table below summarises the maturity profile of the Company's financial assets and liabilities at the end of the reporting date based on the contractual undiscounted repayment obligations:

	Within one year S\$	Later than one year but not later than five years S\$	Total S\$

19.3 Interest rate risk

Interest rate risk is the risk that changes in interest rate will have an adverse financial effect on the Company's financial condition.

The Company's income and operating cash flows are not substantially affected by changes in market interest rates, as they do not have significant interest-bearing assets or liabilities as at the reporting date.

20. Fair values

As at 31 December 2024, the carrying amounts of the financial assets and liabilities recorded in the financial statements of the Company approximates their fair values due to their short-term nature.

The carrying amounts of non-current lease liabilities approximate their fair values as they are subject to interest rates close to the market rate of interest for similar arrangements with financial institutions.

21. Fund-raising event – Gala dinner

	2024 S\$	2023 S\$
Total gross receipts	246,063	0
Direct costs of fund-raising expenses	73,882	0

22. Reserves position and policy

The Company's reserve position for financial year ended 31 December 2024 and 31 December 2023 are as follows:

		2024 S\$'000	2023 S\$'000	Increase / (decrease) %
A	Unrestricted funds			
	Accumulated general funds	1,084	932	16.31
B	Restricted or designated funds			
	Designated funds	0	0	0
	Restricted funds	62	71	(12.68)
C	Endowment fund	0	0	0
D	Total funds	1,146	1,003	14.26
E	Total annual operating expenditure	1,457	1,316	10.71
F	Ratio of funds to annual operating expenditure (A/E)	0.74	0.71	

Reference:

- C. An endowment fund consists of assets, funds or properties, which are held in perpetuity, which produce annual income flow for a company to spend as grants.
- D. Total funds include unrestricted, restricted/designated and endowment funds.
- E. Total annual operating expenditure includes expenses related to Cost of Charitable Activities and Governance and Administrative Costs.

The Company's reserve policy is as follows:

The reserves that the management have set aside provide financial stability and the means for the development of our principal activities. The Board intend to establish the reserves at a level equivalent to 2 years of operating expenditure through increasing awareness of our activities, seeking more donors both private and corporate and fund raising efforts. The Board reviews yearly the amount of reserves that are required to ensure that they are adequate to fulfil our continuing obligations.

23. Management of conflict of interest

The Board of Directors are required to disclose any interest that they may have, whether directly or indirectly, that the Company may enter into or in any organisations that the Company has dealings with or is considering dealing with; and any personal interest accruing to him as one of the Company's supplier, user of services or beneficiary. Should there be any potential conflict of interest, the affected Board of Directors of the Company may not vote on the issue that was the subject matter of the disclosure. Detailed minutes will be taken on the disclosure as well as the basis for arriving at the final decision in relation to the issue at stake.

24. Authorisation of financial statements

The financial statements for the financial year ended 31 December 2024 were authorised for issue in accordance with a resolution of the Board of Directors of the Company on 23 May 2025.
